

**Bruce Mullock
Vice President
Ian Martin Limited**

Bruce is a recruitment executive with 35 years' experience in engineering and technical, staff augmentation. His responsibilities include oversight of Ian Martin Limited's nuclear staffing services to Canadian utilities and nuclear suppliers.

Bruce joined Ian Martin Limited in 1974 in Ottawa. He established an IML branch in Hamilton in the late 1970's and moved on to Ian Martin Limited's Toronto operation in 1978. Bruce has been based there since.

He first supplied staff augmentation personnel to the nuclear industry in 1978, providing technical people to NB Power during the construction and commissioning of Point Lepreau NGS.

Today Bruce functions as general manager. His involvement includes business development in Canada and the United States, project management, branch office oversight and general management.

Born in Toronto, Bruce holds a BA from York University. He and his wife reside in Toronto and have three adult children.
