

PETER W. MASON
Chief Executive Officer
GE-Hitachi Nuclear Energy Canada Inc.

Peter was born on March 4, 1950 in Swindon, Wiltshire in the United Kingdom. He received his BSc. Honours degree in Electrical Engineering from the University of Aston, Birmingham, England in 1972.

Upon graduation he worked for the Central African Power Corporation in Zambia and then on to South Africa working with the Electricity Supply Commission. In 1980, he and his wife came to Montreal, Canada.

Before joining GE Canada, he held various positions including VP & GM Distribution Switchgear Division for ASEA Brown Boveri in Milton, VP Engineering for Square D Canada Inc. in Waterloo and Manager Engineering, Relay Division for ASEA in Montreal.

In 1993 Peter was named Manager of the Canadian Production Operations of GE Lighting facilities in Oakville, Ontario. In November of 2003 he relocated to Peterborough, Ontario to assume the position of Vice President & General Manager of Nuclear Products.

On June 4, 2007, Peter was named CEO of the newly formed GE-Hitachi Nuclear Energy Canada Inc. Alliance.
