

Appointment Notice

Canadian Nuclear Association

Wayne Robbins, Chairman of the Canadian Nuclear Association, is pleased to announce the appointment of Denise Carpenter as President and CEO of the association.

Ms. Carpenter was most recently Senior Vice President, Public and Government Affairs, with EPCOR Utilities Inc. While at EPCOR, she developed strategic communications and brand management strategies that paved the way for the company's transformation into a North American power and water company.

Before joining EPCOR in 2003, Ms. Carpenter was Executive Vice President and General Manager of Western Canada operations for Weber Shandwick Worldwide. She has made major contributions to Canadian companies seeking to launch, grow, protect and re-position their brands over more than 20 years.

Ms. Carpenter has extensive experience in the governance of post-secondary institutions and community organizations, as a member and organization leader. She has been honoured by Global TV as a Woman of Vision; by the YWCA with a Woman of Distinction Award; and has twice been named one of Alberta's 50 most influential people by Alberta Venture magazine.

The Canadian Nuclear Association is a non-profit organization established in 1960 to represent the nuclear industry in Canada and promote the development and growth of nuclear technologies for peaceful purposes. It has about 90 members including power utilities, labour unions, manufacturers, uranium mining and fuel processing companies, engineering companies, universities and associations.
