

W.R. (Bill) Robinson
Senior Vice President, Nuclear Programs & Training
Ontario Power Generation

Bill Robinson is Senior Vice President, Nuclear Programs & Training of Ontario Power Generation Inc. (OPG).

OPG is an Ontario-based electricity generator whose principal business is the generation and sale of electricity in Ontario and to interconnected markets, while operating in a safe, open and environmentally responsible manner.

Bill Robinson was appointed to his current position on December 1, 2005. He reports directly to the CNO & Executive Vice President and is responsible for all nuclear training and major program ownership to ensure best practices are implemented across the fleet.

Prior to his appointment to Ontario Power Generation, Bill Robinson was a resident of Raleigh, North Carolina. Bill Robinson held various positions within the nuclear industry. He worked at Harris Nuclear Plant in New Hill, North Carolina as the Vice President from 1993 to 1998 and General Manager in 1993. From 1992 to 1993, Bill Robinson was Vice President with Trojan Nuclear Plant in Rainier, Oregon and General Manager from 1990 to 1992. In 1983, Bill Robinson began his career in the nuclear industry at the Callaway Nuclear Plant, in Fulton, Missouri holding positions as Compliance Supervisor, Superintendent of Instruments and Controls, and Assistant Plant Manager.

Bill Robinson was born in Colorado and obtained his Bachelor of Science in Electrical Engineering from the University of Missouri.
